

## HIV/AIDS – Internet Resources

Updated July 6, 2007

### GENERAL INFORMATION

#### **A Glance at the HIV/AIDS Epidemic**

*Date:* 01/2007

*Note:* This fact sheet provides the latest information on HIV/AIDS diagnoses by transmission, sex, and race/ethnicity categories as well as trends in AIDS diagnoses and deaths.

*Source:* U.S. Centers for Disease Control and Prevention, Division of HIV/AIDS Prevention  
<http://www.cdc.gov/hiv/resources/factsheets/At-A-Glance.htm>

#### **General and Laboratory Considerations: Rapid HIV Tests Currently Available in the United States**

*Date:* 01/2007

*Note:* This document contains information on six rapid HIV tests approved by the U.S. Food and Drug Administration (FDA) that are commercially available for use in the United States.

*Source:* Centers for Disease Control and Prevention, Division of HIV/AIDS Prevention  
<http://www.cdc.gov/hiv/topics/testing/resources/factsheets/rt-lab.htm>

#### **HIV/AIDS Policy Fact Sheet: HIV/AIDS Epidemic in the United States**

*Date:* 11/2006

*Note:* This fact sheet provides data on the HIV/AIDS epidemic in the United States, including key trends, its impact across the country, and the U.S. government's response.

*Source:* Kaiser Family Foundation  
<http://www.kff.org/hivaids/upload/3029-071.pdf>

#### **HIV Counseling and Testing at CDC-Supported Sites –United States, 1999-2004**

*Date:* 12/2006

*Note:* This report presents data about counseling and testing services that were supported with CDC funds from 1999 through 2004.

*Source:* Centers for Disease Control and Prevention  
<http://www.cdc.gov/hiv/topics/testing/resources/reports/pdf/ctr04.pdf>

#### **Revised Recommendations for HIV Testing of Adults, Adolescents, and Pregnant Women in Health-Care Settings**

*Date:* 09/2006

*Note:* These revised recommendations update previous recommendations for HIV testing in health-care settings and for screening of pregnant women. [HTML version](#) available on the MMWR Web site.

*Source:* U.S. Centers for Disease Control and Prevention, *MMWR* 2006;55(RR14); 1-17.  
[http://www.aidsctc.org/pdf/guidelines/rr5514\\_testing.pdf](http://www.aidsctc.org/pdf/guidelines/rr5514_testing.pdf)

### **State HIV Testing Laws**

*Date:* 09/2006

*Note:* This compendium includes an analysis of current state policies relating to HIV testing.

*Source:* National HIV/AIDS Clinicians' Consultation Center

<http://www.ucsf.edu/hivcntr/PDFs/WEB2006State%20Laws.pdf>

### **A Pocket Guide to Adult HIV/AIDS Treatment**

*Date:* 02/2006

*Author:* John G. Bartlett, MD

*Note:* This guide is provided as an information resource for physicians and other health care professionals to guide them in the appropriate treatment of patients with HIV/AIDS.

*Source:* HRSA HIV/AIDS Bureau

<http://www.hab.hrsa.gov/tools/HIVpocketguide/index.htm>

### **HIV Web Study**

*Date:* 2006

*Note:* This online resource is designed to meet the HIV clinical care education needs of primary care providers with various levels of HIV clinical care knowledge and experience. This resource includes interactive, clinically relevant case studies. Expanded as of September 2006 with the addition of 4 new cases focusing on HIV prevention in clinical care settings: [High-Risk Behavior Among HIV-Infected Individuals](#), [Screening for High-Risk Behavior](#), [Sexually Transmitted Diseases Screening in HIV-Infected Individuals](#), and [STDs and HIV Transmission](#).

*Source:* Northwest AETC

<http://depts.washington.edu/hiv aids/>

### **A Guide to Primary Care of People with HIV/AIDS**

*Date:* 2004

*Editors:* John G. Bartlett, MD; Laura W. Cheever, MD, ScM; Michael P. Johnson, MD, MPH and Douglas S. Paauw, MD, FACP

*Note:* 180 page manual designed to provide practical information for the common questions that arise in the care of patients with HIV infection. Appropriate use of antiretroviral drugs, treatment of opportunistic infections, symptom management, treatment of concurrent medical conditions, patient evaluation, adherence, mental health, substance abuse, overall clinic management, and other factors that lead to improved patient outcomes are addressed. Individual chapters available for download.

*Source:* HRSA HIV/AIDS Bureau

<http://hab.hrsa.gov/tools/primarycareguide/>

## **WOMEN**

### **Women and HIV**

*Date:* 05/2007

*Note:* This fact sheet focuses on what women need to know about HIV/AIDS, including risk factors, treatment, and prevention. Available in English and Spanish and in Adobe PDF and Microsoft Word formats.

*Source:* Mountain-Plains AETC, New Mexico LPS and AIDS InfoNet

[http://www.aidsinfonet.org/factsheet\\_detail.php?fsnumber=610](http://www.aidsinfonet.org/factsheet_detail.php?fsnumber=610)

### **HIV/AIDS among Women**

*Date:* 03/2007

*Note:* This fact sheet provides data on HIV/AIDS among women, including statistics, risk factors and barriers to prevention.

*Source:* Centers for Disease Control and Prevention

<http://www.cdc.gov/hiv/topics/women/resources/factsheets/women.htm>

### **HIV/AIDS and Women**

*Date:* 10/2006

*Note:* This resource list includes web sites, articles, reports, and training resources. The list is formatted for easy printing and updating.

*Source:* AIDS Education and Training Center National Resource Center; HRSA HIV/AIDS Bureau; Midwest ATEC; National Minority AETC; Northwest AETC; Pacific AETC; PA/MidAtlantic AETC and Southeast ATEC

<http://www.aidsetc.org/doc/workgroups/cc-rd-women.doc>

### **HIV Infection in Women**

*Date:* 05/2006

*Note:* This fact sheet provides an overview of HIV infection in women, including current research on transmission, signs & symptoms of HIV infection, screening, diagnosis, and survival.

*Source:* National Institute of Allergy and Infectious Diseases, National Institutes of Health

<http://www.niaid.nih.gov/factsheets/womenhiv.htm>

### **A Guide to the Clinical Care of Women with HIV**

*Date:* 2005

*Editor:* Jean R. Anderson, MD

*Note:* A comprehensive clinical manual that addresses the primary care needs unique to women with HIV infection. The target audience is clinicians who provide primary care to women as well as those seeking a more in-depth understanding of how to care for women with HIV/AIDS.

Order from the [HRSA Web site](#).

*Source:* Health Resources and Services Administration

<http://hab.hrsa.gov/publications/womencare05/>

## **Women, Children, and HIV: Resources for Prevention and Treatment**

*Date:* 07/2004

*Note:* The CD-ROM contains hundreds of documents in addition to an interactive training course on preventing mother-to-child transmission of HIV. Content is geared toward resource-limited settings. Free copies may be ordered from the Women, Children, and HIV Web site.

*Source:* UCSF Center for HIV Information; Francois-Xavier Bagnoud Center, UMDNJ; Global Strategies for HIV Prevention and International AIDS Society

<http://pmtct.org/wchiv?page=ab-08-08>

## **HIV & PREGNANCY**

### **Recommendations for Use of Antiretroviral Drugs in Pregnant HIV-1-Infected Women for Maternal Health and Interventions to Reduce Perinatal HIV-1 Transmission in the United States**

*Date:* 10/2006

*Note:* This document contains information on the "Recommendations for Use of Antiretroviral Drugs in Pregnant HIV-1-Infected Women for Maternal Health and Interventions to Reduce Perinatal HIV-1 Transmission in the United States."

*Source:* Perinatal HIV Guidelines Working Group, Public Health Service Task Force

<http://www.aidsinfo.nih.gov/Guidelines/GuidelineDetail.aspx?MenuItem=Guidelines&Search=Off&GuidelineID=9&ClassID=2>

### **Perinatal Antiretroviral Guidelines Slide Set**

*Date:* 10/2006

*Note:* This slide set contains 79 slides and 6 case studies on the U.S. Public Health Service's "Recommendations for the Use of Antiretroviral Drugs in Pregnant HIV-1 Infected Women for Maternal Health and to Reduce Perinatal HIV-1 Transmission in the United States."

*Source:* AETC National Resource Center

### **Care of HIV-Infected Pregnant Women**

*Date:* 07/2006

*Note:* This chapter describes the elements involved in caring for the pregnant woman with HIV infection, whether the woman was known to be HIV infected before conception or was found to be HIV infected during pregnancy.

*Source:* AETC National Resource Center, Clinical Manual for Management of the HIV-Infected Adult - 2006 Edition

[http://www.aidsetc.org/aetc/aetc?page=cm-306\\_pg\\_tx](http://www.aidsetc.org/aetc/aetc?page=cm-306_pg_tx)

### **Mother-to-Child (Perinatal) HIV Transmission and Prevention**

*Date:* 05/2006

*Note:* This fact sheet provides information on perinatal HIV/AIDS, including HIV/AIDS statistics, transmission, and prevention.

*Source:* Centers for Disease Control and Prevention, Division of HIV/AIDS Prevention

<http://www.cdc.gov/hiv/resources/factsheets/perinatl.htm>

### **Pregnancy and HIV**

*Date:* 04/2006

*Note:* This fact sheet focuses on issues related to pregnancy and HIV, including transmission and infection of newborns and mother's health. Available in English and Spanish and in Adobe PDF and Microsoft Word formats.

*Source:* Mountain-Plains AETC, New Mexico LPS and AIDS InfoNet

[http://www.aidsinonet.org/factsheet\\_detail.php?fsnumber=611](http://www.aidsinonet.org/factsheet_detail.php?fsnumber=611)

### **HIV During Pregnancy, Labor and Delivery, and After Birth Health Information for HIV Positive Pregnant Women**

*Date:* 2006

*Note:* This series of fact sheets is intended for women who are HIV positive and pregnant or have recently given birth. They describe the steps an HIV positive pregnant woman can take to preserve her health and prevent transmission of HIV to her baby.

*Source:* AIDSInfo, U.S. Department of Health and Human Services

### **HIV Infection and Pregnancy: Prevention and Care--A Faculty Training Program**

*Date:* 06/2005

*Note:* The purpose of this program is to prepare health care professionals who provide women's health and/or HIV care to serve as educators of other providers regarding prevention of perinatal HIV transmission, HIV testing in pregnancy and labor, and ongoing care needs of pregnant women with and at risk for HIV infection. Available in both English and Spanish.

*Source:* François-Xavier Bagnoud Center of the University of Medicine and Dentistry of New Jersey; Puerto Rico Training Partners; Florida/Caribbean AETC and The Puerto Rico Department of Health

<http://www.aidsetc.org/aidsetc?page=et-04-05>

### **Women's Perceptions of the Opt-Out Approach to HIV Testing During Pregnancy**

*Date:* 08/2004

*Note:* This slide set contains 58 slides on women's perceptions of the opt-out approach to HIV testing during pregnancy. It also includes information on the differences between the opt-out and opt-in approaches; the impact of these approaches on HIV testing during pregnancy; women's perceptions of HIV testing and methods for obtaining consent; and recommendations and next steps.

*Source:* Title IV National Resource Center, François-Xavier Bagnoud Center at UMDNJ

### **HIV Counseling and Rapid Testing in Labor**

*Date:* 11/2003

*Note:* This slide set contains 60 slides on HIV counseling and testing in pregnancy, perinatal HIV transmission, rapid HIV testing during labor, and treatment.

*Source:* AETC National Resource Center

[http://www.aids-ed.org/ppt/p02-et/et-01-00/nrc\\_rapid\\_test\\_labor\\_12-03.ppt](http://www.aids-ed.org/ppt/p02-et/et-01-00/nrc_rapid_test_labor_12-03.ppt)

### **What Women Need to Know: The HIV Treatment Guidelines for Pregnant Women**

*Date:* 2004

*Author:* Elaine Gross, RN, MS, CNS-C

*Note:* Using a question and answer format, this booklet provides information for pregnant women with HIV infection. It is a consumer guide to the Public Health Service Task Force Recommendations for the use of antiretroviral drugs in pregnant HIV-1 infected women for maternal health and interventions to reduce perinatal HIV-1 transmission in the United States. Written at a 7th grade reading level. Also available in Spanish.

*Source:* François-Xavier Bagnoud Center, University of Medicine and Dentistry of New Jersey  
[http://www.aidsetc.org/pdf/p02-et/WWN\\_English.pdf](http://www.aidsetc.org/pdf/p02-et/WWN_English.pdf)

### **Reducing Perinatal HIV Transmission**

*Date:* 11/2003

*Note:* Six-part course developed for the distance learning program for Nurse Practitioners in the School of Nursing. Modules 4, 5, and 6 cover New York State-specific information. Other modules are broadly applicable.

*Source:* New York/New Jersey AETC, Center for Public Health Education - Local Performance Site; Stony Brook University School of Nursing and NYSDOH-AIDS Institute  
<http://www.aidsetc.org/aidsetc?page=et-01-01>

### **Pregnant and Positive: Issues in Clinical Care and Support**

*Date:* 06/2003

*Note:* Pregnant and Positive explores clinical care for HIV-infected women before, during and after pregnancy through interviews with three medical experts and an HIV-positive pregnant woman, modeled clinical encounters, and an epidemiological overview. The film provides guidance and recommendations for primary care providers, including those who manage OB/GYN care but are not experienced in treating HIV-infected pregnant women. 30 minutes. Free to providers in the Northwest region; charge for others.

*Source:* Northwest AETC and Pacific AETC  
<http://depts.washington.edu/nwaetc/videos/videos.shtml>

### **HIV Testing Among Pregnant Women--United States and Canada, 1998-2001**

*Date:* 11/2002

*Note:* This article focuses on an analysis of HIV testing rates according to different HIV testing approaches used in the United States and Canada. See also the CDC's Dear Colleague letter of April 22, 2003 which describes the CDC's recommended "Opt-out" approach.

*Source:* U.S. Centers for Disease Control and Prevention, *MMWR* 2002; 51(No. RR-45).  
[http://www.aidsetc.org/pdf/guidelines/preg\\_testing\\_mm5145.pdf](http://www.aidsetc.org/pdf/guidelines/preg_testing_mm5145.pdf)

## **INFANTS & CHILDREN**

### **HIV Infection in Infants and Children**

*Date:* 07/2004

*Note:* This fact sheet provides an overview of HIV infection in infants and children, including information on transmission, pregnancy and birth, breastfeeding, diagnosis, progression of disease in children, treatment, and family issues.

*Source:* National Institute of Allergy and Infectious Diseases, National Institutes of Health  
<http://www.niaid.nih.gov/factsheets/hivchildren.htm>

### **HIV in Young People 13–24: A Brief Review of the Literature**

*Date:* 2004

*Note:* This fact sheet reviews literature pertaining to HIV in young people between the ages of 13-24, including information on HIV/AIDS incidence and prevalence; knowledge, attitudes, and beliefs; and at-risk behaviors.

*Source:* Management Sciences for Health and HRSA, Office of Minority Health and Bureau for Primary Health Care  
[http://www.aidsetc.org/pdf/references/adol\\_HIV\\_LitReview.pdf](http://www.aidsetc.org/pdf/references/adol_HIV_LitReview.pdf)

## **AFRICAN AMERICAN AND LATINO POPULATIONS**

### **HIV/AIDS and African Americans**

*Date:* 01/2007

*Note:* This document lists online resources, articles, books, and training tools on HIV/AIDS and African Americans. The list is formatted for easy printing and updating.

*Source:* AIDS Education and Training Center National Resource Center  
<http://www.aidsetc.org/doc/workgroups/cc-rd-afam.doc>

### **HIV/AIDS and Latinos**

*Date:* 10/2006

*Note:* This document lists online resources, articles, books, and training tools on HIV/AIDS and Latinos. The list is formatted for easy printing and updating.

*Source:* AIDS Education and Training Center National Resource Center  
<http://www.aids-ed.org/doc/workgroups/cc-rd-latinos.doc>

### **HIV/AIDS among Hispanics**

*Date:* 06/2006

*Note:* This fact sheet provides information on HIV/AIDS issues affecting Hispanics, including HIV/AIDS statistics, transmission, and prevention.

*Source:* Centers for Disease Control and Prevention, Division of HIV/AIDS Prevention  
<http://www.cdc.gov/hiv/resources/factsheets/hispanic.htm>

### **HIV/AIDS among African Americans**

*Date:* 02/2006

*Note:* This fact sheet provides information on HIV/AIDS issues affecting African Americans, including HIV/AIDS statistics, transmission, and prevention.

*Source:* Centers for Disease Control and Prevention, Division of HIV/AIDS Prevention  
<http://www.cdc.gov/hiv/topics/aa/resources/factsheets/aa.htm>

### **Hispanic/Latino Fact Sheet**

*Date:* 2006

*Note:* Fact sheet focusing on culture, the impact of the HIV epidemic, barriers to care, and recommendations for providers serving the community.

*Source:* National Minority AETC

[http://www.aidsetc.org/pdf/p02-et/et-09-00/nmaetc\\_Hispanic.pdf](http://www.aidsetc.org/pdf/p02-et/et-09-00/nmaetc_Hispanic.pdf)

### **African Americans/Black Fact Sheet**

*Date:* 2006

*Note:* This fact sheet focuses on the culture, the impact of the HIV epidemic, barriers to care, and recommendations for providers serving the African American/Black community.

*Source:* National Minority AETC

[http://www.aidsetc.org/pdf/p02-et/et-09-00/nmaetc\\_AfroAmericanFact.pdf](http://www.aidsetc.org/pdf/p02-et/et-09-00/nmaetc_AfroAmericanFact.pdf)

### **HIV Infection in Minority Populations**

*Date:* 4/2005

*Note:* This fact sheet provides an overview of HIV infection in minority populations, including information on clinical and epidemiological research among these populations.

*Source:* National Institute of Allergy and Infectious Diseases, National Institutes of Health  
<http://www.niaid.nih.gov/factsheets/Minor.htm>

### **Racial and Ethnic Minority Populations: Access to HIV/AIDS Care Issues**

*Date:* 02/2004

*Note:* This report was developed from a series of community consultations held in 2004 and includes crosscutting recommendations, and community-specific reports from African American, Asian and Pacific Islander, Latino, and Native American communities.

*Source:* HRSA HIV/AIDS Bureau

<http://www.aidsetc.org/aidsetc?page=et-30-34-mairep>
