

Prenatal Referral Algorithm

Alcohol/Drugs

Patient is drinking alcohol, smoking pot or using other drugs while pregnant and wants help quitting.

Refer for additional assessment

Say: "I think it would help for you have some additional assessment to help you decide what kind of help you need. "There's someone I trust, a Family Advocate, **Julie Tjaden**. **Julie** can help you access assessment services. She can also provide other kinds of support that might help you stop using while you're pregnant."
Ask: "Would you like Julie's help in getting connected with assessment services and other resources?"

NO

- Give patient the *Family Advocate brochure*
- **Say:** "I think **Julie** could be very helpful. Here's her information in case you decide you'd like to call her."

YES

Refer to FEAT Family Advocate

Ask: "Would you like **Julie** to meet you here? I can call her and see if she can come right now."

YES

• Call **Julie @ 228-4312** and arrange meeting (cell # for professionals only).

NO

- **Say:** "I think **Julie** could be very helpful. Here is her information so you can call her."
- Give patient the *Family Advocate brochure*
- **Ask:** "Is it all right if I give **Julie** your information so she can call you?" **If yes**, complete consent form. **If no**, continue with referral algorithm.

Give following information to patient:

- Willamette Family Treatment Admissions /Assessment (343-2993)
- Parent Helpline Brochure
- Healthy Start Community Referral and Consent (for 1st time parents)

Document Referral Information on Screening Form

FA=Family Advocate **HS**=Healthy Start
PH=Parent Helpline **QL**=Oregon Tobacco Quitline
WFT=Willamette Family Treatment
Other=Women's Space, Mental Health Services, other treatment resources etc.

Check in at next visit. If patient has not called the Family Advocate or accessed treatment resources, again offer to call the Family Advocate and/or encourage and assist patient in doing so.
